

# SimFlame Lamp Flicker Module

visit – [www.simflame.com](http://www.simflame.com) for additional information

## LM211L Single Channel LED Stealth Module

### Features:

Stealth flicker mode (see below).  
120V 60 Hertz operation.  
Non-repeating flame effect.  
8 Flame effect settings.  
Drive lamp loads up to 100 watts maximum.  
Low power consumption.  
High temperature vinyl cap.  
Fireproof epoxy encased.  
1 Year warranty.

### Switches #1 and #2 – speed:

<u>Speed</u>	<u>Switch #1</u>	<u>Switch #2</u>
slow	down	down
normal	up	down
fast	down	up
fastest	up	up

### Switch #3 – depth of flicker:

- a) down = subtle flicker
- b) up = lamps dim deeper

The Simflame Stealth model: When first turning on your light switch this operates the light bulb in full bright mode (no flicker), but when you quickly turn your light switch off then back on again your lights will flicker your lamps like candle flame, return to bright mode by turning off power for 3 or more seconds.

### Disclaimer and Warranty

Jerry's Electronics LLC warrants all Simflame™ products to be free of functional defects, assuming proper application and normal use, for a period of one (1) year from date of purchase. The company will correct such defects by repair or replacement, at its option, if product is returned prepaid with proof of original purchase date. Please note that defects resulting from miswire, short circuit or output overload may be verified by factory tests and are specifically excluded from warranty.

Except for the express warranty set forth above, Jerry's Electronics LLC grants no other warranties, express or implied, by statute or otherwise, regarding Simflame products, their merchantability, fitness for any particular purpose or otherwise. In no event shall Jerry's Electronics LLC or any agent or reseller be liable for any other loss or damage, including special or consequential damages that may arise through the use by a purchaser or others, and the purchaser assumes and will hold Jerry's Electronics LLC harmless in respect of all such loss.
